

Raja Ravi Teja Madagala

Senior Construction Estimator | Commercial & Project Delivery

📞 0432 250 430 | ✉️ rajaravitejamadagala@gmail.com | 📍 QLD, Australia

🔗 [Portfolio](#) | [LinkedIn](#)

Professional summary:

Construction Estimator with 8 years' experience delivering cost planning, tendering, and project support across commercial, government, and education sectors. Strong track record contributing to competitive bids and successful project outcomes on builds up to \$20M.

Experienced in subcontractor procurement, value engineering, and aligning estimating with delivery outcomes. Proven ability to support bid strategy, manage commercial risks, and contribute across the full project lifecycle from tender through to handover.

Seeking to step into larger, more complex project environments within Tier-1 or leading Tier-2 builders, with a pathway toward Senior Estimator / Project Management roles.

Key achievements:

- Contributed to multiple successful tender submissions across commercial and government projects
- Improved cost efficiency through value engineering and subcontractor negotiations
- Managed RFQ processes across 15 -30+ subcontractors per project
- Supported transition of awarded tenders into delivery, ensuring alignment between pricing and execution
- Maintained cost databases to improve pricing accuracy and consistency across bids

Core capabilities:

Cost Planning & Estimation | Tender & Bid Management | Value Engineering
Subcontractor Procurement | Commercial Analysis | Risk & Opportunity Assessment
Project Delivery Support | Contract Administration | Stakeholder Coordination

Project experience:

Commercial, Government & Education Projects | \$500K – \$20M

Tools & software:

EstimateOne | Bluebeam revu | BuilderTrend | CostX | Adobe Acrobat Reader | Planswift | Sage Estimating |
Construction Suite
